

## **About *The Painter's Guide to Photoshop***

Adobe® Photoshop® is the premier computer software application for creating and editing images for print, the Web, and emerging media.

*The Painter's Guide to Photoshop* is an introduction to using Photoshop, customized for painters and others who have specific needs related to artistic pursuits.

The book assumes that you have no previous experience with Photoshop. Screenshots and step-by-step instructions illustrate a variety of techniques that are useful to pastelists, oil and acrylic painters, and other artists.

You can use your computer and Adobe Reader® software to read the eBook. You may also print the book using your home printer.

*The Painter's Guide to Photoshop* CD is available for purchase at [www.matanzamedia.com/](http://www.matanzamedia.com/)

The website also includes *The Painter's Place*, a Discussion Board where registered owners can ask questions, discuss techniques, and interact with other painters learning to use Photoshop. When you purchase the CD, you will be given a login for the discussion board.
